

HOPSKIP

A tool designed for independent planners to source meeting space and room blocks for their clients

Search and discover hotels from our database of 34,000+ properties

Send a detailed RFP and compare proposals from up to 15 hotels

Track the status of your RFP as hotels respond with a custom proposal

Export and download key data from your proposals to present to your clients

Measure, track and receive 100% of your commission earned from the hotel
